Sustainability Commitment

Our Commitment to Sustainability

At **Thames Homecare Service Ltd**, we are committed to delivering high-quality domiciliary care in a responsible, environmentally sustainable manner. We recognise that our operations have an environmental impact, and we are dedicated to continually reducing our greenhouse gas emissions while maintaining safe, effective and person-centred care for the communities we serve.

Environmental sustainability is embedded into our business strategy and day-to-day decision-making. We continually review our working practices to:

-  Improve energy efficiency
-  Reduce unnecessary travel
-  Minimise waste
-  Promote responsible procurement
-  Expand digital systems to reduce paper use

As part of this commitment, Thames Homecare Service Ltd has adopted a target of achieving **Net Zero greenhouse gas emissions by 2050** across its UK operations.

Our Approach to Sustainability

We are committed to:

-  Achieving Net Zero greenhouse gas emissions by 2050
-  Continual improvement in environmental performance
-  Improving energy efficiency across all office locations
-  Reducing unnecessary operational travel through effective workforce planning
-  Expanding digital systems to minimise paper consumption
-  Promoting environmentally responsible procurement
-  Reviewing and reporting environmental performance annually

Our environmental objectives are supported by a range of operational initiatives, including:

- PASS digital care management systems
- Electronic care records
- Route optimisation tools
- Microsoft 365 cloud services
- Ongoing investment in sustainable working practices

Carbon Reduction Plan
